

How do I start a veteran banner program in my community?

First, obtain permission to use the utility poles for the purpose of hanging the banners. Poles are usually owned by power companies and telecommunication companies.

Permission to begin should also be obtained from city officials.

Next, contact us for a cost estimate. Cost is determined by size and design.

What are the costs associated with starting a veteran banner program?

There is no start up cost to begin. Once a price per banner has been agreed upon, we will begin working with you to design your town's banners.

How can banners be ordered?

Banners can be purchased several ways. Orders can be taken in person at our shop, by mail and online.

How do I submit photos? Will they be returned to me?

Photos can be emailed, texted, uploaded directly through the online order form, or mailed in. Photos will be returned if a self-addressed envelope with adequate postage is provided.

What forms of payment do you accept?

Cash, check or credit card.

Will I see a design proof before it is printed?

Yes. Once we've received the order form, payment, and photo, a design proof will be sent for your approval.
